

Membership:

To be a member of the **Child Erotica Freedom Party** you need to agree that:

- 1) Legislation that bans the depiction of erotic child beauty is wrong and constitutes a form of censorship.
- 2) Anyone punished for possession of child erotica deserves our solidarity.
- 3) Child abuse is wrong and non acceptable.
- 4) Until child erotica is made legal in all its forms, no assistance beyond what the law establishes, will be given to the government in their persecution of our sister and brothers.

If you agree with these points you can consider yourself a member of the **Child Erotica Freedom Party** and promote it's Manifesto and ideals.

There are no dues to pay, no central leadership, no official website.

The Child Erotica Freedom Party works in favour of child erotica legalisation from a loose non connected organisation without leadership where each member is its own master.

You are free to create your own Child Erotica Freedom Party website if you wish, you are free to create your own Child Erotica Freedom Party section with your friends or simply spread our ideas and manifesto on your own.

Note: Local anti-child erotica legislation must be respected at all times while we work to change it using our right of freedom of speech.

The Child Erotica Freedom Party does not want to encourage anyone to break their local anti-child erotica legislation.
